

Professional Discretion and Trusted Expertise

Due to the sensitive nature of our mandates and out of respect for the confidentiality of our well-known partners, we do not publish a comprehensive reference list online. Our diverse client base includes institutional and private stakeholders from across the hospitality and legal sectors:

- **Investors & Hotel Owners:** Institutional funds, private equity, and independent owners.
- **Asset Management & Development:** Project developers, construction firms, and property managers.
- **Financial Institutions:** Banks, investment funds, and capital lenders.
- **Legal & Judicial Authorities:** Local and district courts, insolvency practitioners, and liquidators.
- **Professional Services:** Law firms, notaries, tax advisors, and auditors.
- **Institutional Clients:** Embassies, housing associations, and national/international corporations.

To protect the strategic interests of our partners, we provide specific project references and detailed case studies exclusively upon personal request. We invite you to contact us directly to learn more about our track record and specialized expertise.
